Programme Outcomes (POs) for the Add-on Course in MIL (Modern Indian Language) Typing

1. Typing Proficiency in MIL

Develop speed and accuracy in typing in selected Modern Indian Languages using regional keyboard layouts and typing tools.

2. Familiarity with Typing Software

Gain hands-on experience with typing software specific to Indian languages, such as Indic Typing Tools or regional typing platforms.

3. Cultural and Linguistic Awareness

Enhance understanding of the linguistic nuances and cultural significance of the Modern Indian Language(s) being studied.

4. Career Readiness

Prepare for jobs requiring regional language typing skills, such as clerical roles, transcription, publishing, and digital content creation.

5. Digital Literacy in Regional Languages

Learn to navigate and use digital tools to type, edit, and process documents in MIL, contributing to broader digital inclusivity.

6. Error-Free Documentation

Achieve precision in creating professional and error-free documents, reports, and correspondence in the selected language.

7. Support for Administrative Roles

Equip learners with the skills necessary to support government offices, educational institutions, and organizations requiring bilingual or multilingual typing capabilities.

8. Personal Skill Enhancement

Build a valuable skill that enhances personal and professional communication in the native language.
